and not the heart to confess the reason.

do not know how I great managed to had not the heart to coafess the reason. I do not know how I ever managed to restrain my feelings till she left the room. Then I locked the door, and, turning up the gas, critically surveyed myself from top to toe. Was I a dempth of the will and position that the door could be distinctly seen. As she listned, it slowly opened.

"Shut that door." she cried, with the voice of a clarion. It slowly closed, my bair turn white? I was nearly driven to micide. What could it mean? With set one voluntary step on my part I was poor things looked at each other in significant.

ment.

"Bid you hear, dear?" she insisted.

"Tes, but I am too tired to discuss saything to-night. Do get the lights out as soon as possible. I am completely worn out," I suswered, fretfully, but with great sincerity.

"Poor Ge rge" sighed she. "You need the rest and quiet of the country as much as I."

"So, s arcely knowing how, our pretty house on Fourth street was let, furnished; and the first day of May found the Warren family on wheels. The purchase of the farm had been accepted "gight unseen" as old-fashioned boys used to trade ja k knives. If I had even dramed for coupling the house I should have paid it a visit, but nothing had been farther from my mind, and I naturally felt very anxious as we neared

Ing. children. President is the self.

So they crept up-stairs, and, thrusting the king out of the windows, they both yeiled like Indians. "Murler."

Thieres!" "Thieres!" "Alice." Alas. their only neighbor was a mile off, and darf at that, and echo only answered. It had even need the rest and quiet of the country as much as I."

So, s arcely knowing how, our pretty house on Fourth street was let, furnished; and the first day of May found the market of the farm had been accepted out of her white face, like the eyes of such as a present out of her white face, like the eyes of the farm had been accepted out of her white face, like the eyes of the farm had been accepted out of her white face, like the eyes of the farm had been accepted out of her white face, like the eyes of the misericordia, from behind their masks.

Just then the baby lifted up his voice.

My wile hurried to the musery, and the former will not have the slightest power to change them, although he may have the fair have the slightest power to change them, although he may have the fair have the slightest power to change them, although he may have the fair have the slightest power to change them, although he may have the fair have the slightest power to change them, although he may have the fair have the slightest power to change them, although rally felt very anxious as we neared uttered a bloodcurdling cry:

uan, as deaf as a post and at least a ing sound which had so los nile away. The village was twice that kept up.

The loss of her child now see

house she "ever set foot in," but Fanny said that was what everybody thought who was not used to moving into whispered Fanny, clutching the woman old houses. It was Fanny's nature to for support.

ter of business. Fanny made arrangements for me to go by an early train, so that I might return that same evening, for she was timid, and dreaded the thought of my absence for the little lamb!" cooled his mother, Through torcomes of man-dops I saw, the form a modified to come home late that for I had dined some old friends club by way of sparing my w few unble of entertaining. Now, was the most amiable woman in rid, and, of course, I acver felt and, and, of course, I acver felt and her happy country life for my of I had made such a satisfactory arrangement that I need be in no haste to return.

great annoyance has been suffered from great annoyance has been suffered from the gopher or little ground squirrel, which is found in all parts of California pered reply. And Charley stuggled up close and took Amelia's hand in his. He then glanced at her in a loving way, looked across at the reporter, who fact combines the destructive properties of the arms of the combines the destructive properties.

kceping his feet warm, and, after giving one or two coughs, said, with a smile:

"Do you recollect what I told you the first time I met you, Amelia?"

"No, Charley. What?"

"Why, that I had never been in love and that it would be a cold day when I'd ask a girl to marry lie."

"Oh, yes; but why do you ask?"

"Oh, yes; but why do you ask?"

"Oh, yes; but why do you ask?" "Yes, Charley; but why?" and she blushed as she glanced up at him, and as his face drew nearer hers.

"Well will ren?" Oakland, and is reducing the back-fence Democrat.

HEREDITARY TAINTS.

ne Revolutions on a subject Whiteb Concerns the Welfare of the Race and the Happiness of All.

[Rochester Democrat and Chronicle.] To any one who has studied the laws of life, and especially those which relate to reproduction, an experience such as we about to relate, will come with special force and interest. The transmission of e-rtain mental traits of prominence, and of certain physical traits of equal promisence, are facts which all acknowledge, Packing tomatoes in tin cans for winter use has grown to be a very great business interest. The American Grover has collected statistics for the year 1883, and finds that three million cases were packed in the United States, each containing two dozen tin cans. The exact figures are 70.645.896 cans. Their value at wholesale was probably \$6,000,000. Maryland puts up about one-half the product and New Jersey over a fifth. There are fifteen other states which have packing houses, Delaware, California and Ohio, being the other principal states and of the prominent citizens. This lady related that she inhecited from her parents certain tendences, over which she had no

fore speaking, and apologized by saying: Why, I really did not know you, you have

*Why, I really did not know you, you have changed so for the batter since I last met you, how well you do look."

"Have you any objection to giving the name of the party who first mentioned this remedy to you!"

"Not the slightest. It was Mr. R. H. Furman, the photographer."

The newspaper man, after bidding Mrs. Swift good-bye, repaired to the photographic rooms of Mr. Furman, when the following conversation ensued:

"Have v-u been a sufferer from rheumatism, Mr. Furman."

"Well, I should think I had."

"For how many years."

"For bow many years?"
"Twelve or fifteen."

"For how many years?"
"Twelve or fifteen."
"Yes, I tried everything, and, at last, went to the flot Springs of Arkansas, and nothing assemed to do me any good until I tried Warner's Safe Rosumatic Cure."
"And it cured you, dil it?"
"Yes, completely."
"And you can cordially recommend it?"
"Yes, indeed, more cordially than anything I have ever known of. It is simply a wonder ul medicine. I believe that two-thirds of all cuses, both acute and chronic, could be cored as I was cured by the use of persons who have been in the worst possible condition, and are now completely well wholly through its use."

The statements above made are from

The statements above made are from ources, the authority of which can not be mestioned. They conclusively prove the value of the preparation named and show that even hereditary traits can be removed by the use of the proper means.

for the pain.

"The second dose eased me so much that I slept two hours, something I had not done for two mouths. Before I had used five bottles, I was well and at work, as hard as any man could, for over three weeks; but I worked too hard for my strength, and taking a hard cold, I was taken with the most ling a hard cold. I was taken with the most acute and painful rheamatism all through my system that was ever known. I called the doctors again, and after several weeks, they left me a cripple on crutches for life, as they said. I uset a friend and told him my case, and he said Hop Bitters had cured him and would cure me. I poohed at him, but he was so earnest I was induced to use them again. In less than four weeks I three away my crutches and went to work lightly and kept on using the bitters for five weeks, until I became as well as any man living, and have been so for six years since. It also cured my wife, who had been so for years; and has kept her and my children well and hearty with from two to three hottles per year. There is no need to be sick at all if these bitters are used.
